“

Angels don't fly they stay on earth,
we appreciate doctors with
joined hands. Trust me, it's worth
it. Some said selflessness in covid
is impossible task, doctors proved
that wrong, wearing white coat
gears and mask.

Udayveer

“ You built a beautiful legacy [or strong front] by putting yourselves in danger to save us.

You saved the grace of the nation during the dark episode, thank you

You are the nation's guiding light in the face of adversity

Kavak Jamrakar

“

We, in honour of our doctors who continue to fight the Covid-19 every day, thank them so much for their hard work in the trenches of the Covid.

We express our gratitude towards doctors, nurses and staff at the hospital, who are working endlessly in these hard times and saving the millions of lives.19 outbreak.

Prateeksha

Thank you for risking your lives to save people from this pandemic. We appreciate your bravery.

You have no idea how much of a blessing you are to us, thank you for being the hope and making everything alright in the end.
