ANNUAL REPORT 2022-2023

From the Principal's Desk

It is my great pleasure and pride to present before you the Annual Report of Delhi College of Arts & Commerce, University of Delhi, for the academic year 2022-2023. This Report provides an insight into the achievements of the students, teaching faculty and the non-teaching staff of the college for the academic year and sets a roadmap for our future goals. A perusal of the Report will highlight the contribution of all stakeholders maintaining a high standard of performance in the various activities that were conducted in the college.

Delhi College of Arts & Commerce was established in 1987. In the decade and a half since its inception it has established itself as a premier institution of the University of Delhi. Over the course of the years our students have excelled in various fields: academics, sports, NCC, NSS and the extra-curricular. In this academic year too our faculty and students have kept themselves actively engaged with academic pursuits. The various departments under the aegis of IQAC proudly hosted lectures, talks and webinars through the year. Many of our faculty members acted as Resource Persons, some have delivered Keynote lecture, many have made presentations in international and national seminars and conferences, edited books and have richly contributed articles to various books, journals, and magazines. Several teachers participated in webinars, workshops, Faculty Development Programmes, and other research-oriented activities in online and offline mode. Our faculty members' constant pursuit of excellence resulted in 7 professorships to be awarded this academic year. I am proud to announce that 58 permanent faculty appointments were made this year: 23 in the Commerce Department, 2 in Computer Science Department, 7 in economics Department, 4 in English Department, 2 in EVS Department, 5 in Journalism Department, 2 in Mathematics Department, 9 in Political Science Department and 4 in Hindi Department. 4 faculty members successfully completed their Ph.D programme this year. The permanent position of the Librarian was filled. 5 promotions of the non-teaching staff took place in the Administration. The IQAC in association with the NSS and various Departments organized innumerable Talks, Webinars,

and other activities. Our students have performed well in the university exams. An MOU was signed, under which the well-tended college playground would not only boost sports activities but would also prove to be a revenue-generating resource for college. Our NCC cadets continued to bring laurels to college, SUO Tanmay Mittal got recommended by 22 Service Selection Board, Bhopal for becoming an officer in the Indian Army and CDT Rohit Roshan got selected as a General Duty Soldier in the Seema Suraksha Bal. Our rising sport star Yatish from English Honours has had the privilege of being trained under IPL and is enrolled in Under 19 Delhi Cricket team. Our students have presented research papers and won several competitive events. We entered into an MOU with Delhi University to set up a Career Development Centre in college to foster an ecosystem which would inculcate entrepreneurial values and self-reliance among students which would create job-givers rather than jobseekers in future.

A lot of infrastructural expansion took place in college. We have a state of art, soundproof Seminar Hall with smart projection facility and great acoustics. We boast of a newly refurbished college canteen which has been done with the proceeds of the successfully run Digital Marketing course. As an energy-saving measure, the College has installed solar panels. An upgradation of classroom furniture has taken place wherein we have procured lot of chairs and benches. Four smart displays have been installed in the committee rooms and seminar room, which will greatly enhance the teaching-learning experience in this digital age. Our students have won a paper presentation award and a debating award.

The library has added many new facilities /features this year. It is fully computerised and uses the library management software Koha on a cloud server to manage the housekeeping operation, acquisition, circulation, stock verification etc. It also provides a web based OPAC facility that is remotely accessible 24 hours a day.

I take this opportunity to commend my students, faculty members and the non-teaching staff for their tireless efforts at self-excellence and I wish them the best in their constant endeavour in making this institution bigger and better.

Professor Rajiv Chopra
Principal

Enactus

Active Project- ZARAAT

- **Project Zaraat**, with an active team of 83 members aims to minimize post-harvest losses by providing an affordable, portable, and eco-friendly storage solution to small and marginal farmers. Post-Harvest losses amounting to 93,000 crores per year, refer to the losses taking place after harvesting but before final consumption, the primary cause of which is lack of proper storage and transportation facilities. This forces the farmers to practice distress selling and leads to a loss of bargaining power. Small and marginal farmers, who constitute close to 86% of the farmer base, bear the brunt of this problem.
- We have set up 6 Storage Solutions in our farming communities in the states of Delhi, Haryana, and Uttar Pradesh. We aim to uplift the farming communities by our sustainable business model and we have reduced post-harvest losses by a whopping 60%, and minimized energy consumption by 20%. Generating a revenue of more than 2 lakhs and directly impacting the lives of more than 250 farmers, Zaraat has now become a harbinger of hope for farming communities across 3 states.
- We have collaborated with Indian Agricultural Research Institute and the agricultural Department of Michigan State University; they are our educational partners.
- Furthermore, we have been featured in various social media publications like Hindustan Times, Krishi Jagran, The Morning Standard, The Logical Indian, etc. and we have been honoured to receive Letters of Appreciation from civil servants and political personalities.

Delhi College of Arts & Commerce was established in 1987. In the decade and a half since its inception it has established itself as a premier institution of the University of Delhi. Over the course of the years our students have excelled in various fields: academics, sports, NCC, NSS and the extra-curricular. This year too witnessed continuing Covid restrictions for major part of the academic year but despite the challenges that the pandemic threw at us, our faculty and students kept themselves actively engaged with academic pursuits. A few faculty members were invited as Resource Persons, some have delivered Keynote lecture, many have made presentations in international and national seminars and conferences, edited books and have richly contributed articles to various books, journals, and magazines. Several teachers participated in webinars, workshops, Faculty Development Programmes, and other research-oriented activities in online and offline mode. A number of promotions took place this academic year: 11 teachers were awarded Professorship, 11 promotions took place from Stage III to Stage IV, 21 teachers were promoted from Stage II to III and 17 promotions took place from Stage I to II. 2 promotions of the non-teaching staff took place in the Administration. 4 teachers successfully completed their Ph.D programme this year. NCC has brought many laurels to college and 8 of our cadets got recommended for

the Defence Forces. Our student has won a paper presentation award and a debating award. Our students have performed well in the university exams.

A lot of infrastructural expansion took place in college. The college canteen has recently undergone renovation. About 5-6 new rooms have been added for college use. We are in the process of acquiring new chairs for the classrooms and the Multipurpose Hall. The College is contemplating making a large hall, equipped with the latest technology, dedicated to academic and other activities. The Library, Administration and Accounts departments have been equipped with new computer systems for a smooth functioning of their works. The college has adopted RFID (Radio Frequency Intensive Device) which promises to provide seamless connectivity. As an energy-saving measure, the College has installed solar panels of approximately 200 KW. There is a plan in the pipeline to set up a new Computer Laboratory equipped with new and state of the art systems. New IP based CCTV cameras have been installed on college premises for better security. The College has entered into a partnership with Apar Enterprises, to impart education in the field of Digital Marketing. Revenue would be generated from this course which would be gainfully utilised for various college developmental activities. The College has taken an initiative towards promoting eco-friendly farming practices under the rubric Agri Tourism under able guidance of our honourable GB Member, Ms. Reva Sood.

I take this opportunity to commend my students, faculty members and the non-teaching staff for their tireless efforts at self-excellence and I wish them the best in their constant endeavor in making this institution bigger and better.

Enactus

Staying true to the core philosophy of uplifting the marginalized communities through the power of social entrepreneurship, Enactus DCAC worked on 2 projects this past year, namely Project Taaleem and Project Zaraat.

Project Taaleem aims to revolutionize the lives of the refugee children by imparting primary education through a community driven model where the teachers are identified from within the community itself. This year community libraries were set up in taaleem centers, which housed more than 3000+ books for the children. With Adani Foundation as financial partner to provide new furniture and 30 chairs were provided in our taaleem centers.

Project Zaraat is Enactus DCAC's latest project which aims to minimize post-harvest losses by equipping the farming community with affordable, portable and eco-friendly storage solutions. Zaraat further enhances the forward linkages and provides the farmers with an income boost by tying up with B2B organizations. Received mentorship sessions from Indian Agricultural Research Institute and Michigan State University. Established a composting set up. Currently working with 3 communities and looking into expanding into more communities via our collaboration with a Farmer Producer Organisation and innovate in the areas of organic farming, agro-processing etc. Organized the event Zaraat Mart to sell the farmer's produce directly to the consumers. This 2 day event proved extremely successful having sold more than 350 kgs of produce, generating a revenue of Rs 10000, and a profit of Rs.3000 for the farmers. Members of Enactus DCAC also participated in more than 15 Business Plan Competitions organized by colleges like IIT Roorkee, IIT Delhi, IIM Bodhgaya, CVS and won major positions along with prize money in the same.

The Project received an immense amount of grants and awards this year. Project Zaraat is awarded one of the top 4 projects globally in the Race to Feed the Planet and top 5 projects globally in the Race for Climate Action by Enactus. The Team will be presenting their project at the Enactus World Cup in Puerto Rico, USA this October 2022. ANNUAL REPORT 2019-2020

From the Principal's Desk

It is a pleasure and a privilege to present the Annual Report of Delhi College of Arts and Commerce for the academic year 2019-2020. This report gives an insight into the achievements of the students, faculty and the non-teaching staff of the college for the academic year and also sets our goals for the future.

Delhi College of Arts and Commerce was established in 1987. In the three decades since its inception it has established itself as a premier institution of the University of Delhi. Over the years our students have excelled in various fields, both academic and extra curricular. Our students are making a mark: in the fields of academia, media, sports, business, law and the armed forces, to name a few. Here I would like to report that our alumnus, Dr. Arun Kumar from the Department of History joined as Assistant Professor in British Imperial and Colonial History, Nottingham University, UK. Where ever they go, our students carry with them the values of integrity, dedication and hard work which are instilled in them while they are in college.

Students are at the centre of the vision of the college – a vision which upholds values of equality, justice, harmony and peace. Our dedicated faculty constantly endeavours to provide the best in the teaching-learning tradition.

Over the years the college has attempted to build an infrastructure for the students and faculty including a state of art Media Lab and a multi-purpose hall. Yet, I feel a lot remains to be accomplished. It will be our endeavour to continue working in this direction and scale new heights.

In this academic year our students have performed well in the university exams, our athletes and NCC cadets have brought laurels to the college.

It gives me immense pleasure and a sense of pride to report that faculty members leave no stone unturned in acquiring new skills in the teaching pedagogy, carrying out research work and publishing and presenting research papers at national and international platforms. Several teachers are guiding MPhil and Ph.D students.

The college has a number of vibrant societies which are an excellent training ground for the students. The Placement Cell, *Broadway* of the college provides an active platform not only for placements but also organises seminars and workshops to train students for the process of getting placed. National Service Scheme, the NSS unit of the college makes a continuous effort to reach out to the students on important social issues and carries out community outreach programmes. One of the flagship projects run by NSS volunteers is *Tanzeal* which is

a community outreach programme to provide holistic education to the children living in neighbourhood slums. Enactus DCAC was placed among the top five teams in the country in an All India Competition held in July 2019.

The Covid -19 pandemic has created an environment of uncertainty. All over the world educational institutions have been closed since March. Our teaching staff has continued to reach out to the students in all possible manner, using various technological tools to finish the syllabus and boost the morale of the students. The non-teaching staff has also cooperated fully to keep the wheels of the institution running.

In these unprecedented times members of the teaching staff organised many webinars covering a range of subjects where eminent speakers were invited to share their insights on a diverse range of subjects.

I take this opportunity to congratulate the students and faculty members for their achievements and hope that together we will scale new heights in the coming years, setting the bar high for the college.

Dr Anuradha Gupta
Acting - Principal

Internal Complaints Committee and Gender Sensitisation Committee

The Internal Complaint Committee in association with the Gender Sensitisation Committee of Delhi College of Arts & Commerce holds Talks and Workshops in the college to disseminate information regarding Sexual Harassment. The committee uses traditional and new media to spread gender sensitisation among students. The following talks and events were held during the session:

- A session on "The Sexual Harassment of Woman at Workplace, Prohibition and Redressal Act, 2013", on the 20 September, 2019.

Ms. Barsha Mishra of The Rights Mission was the guest speaker of the event. The interactive session began with brief introductions. She began by asking the audience about what they meant by gender and sex. She explained how the two terms were distinct and how they should be identified and realised. She went on to talk about gender based violence, its form, scope and causes. Ms Barsha introduced the salient features of the Sexual Harassment of Woman at Workplace, Prohibition and Redressal Act, 2013. She traced the evolution of the present Act from the Bhanwari Devi case to the Vishakha guidelines to its ultimate promulgation in its present form post the Nirbhaya case uproar.

Ms Barsha clearly defined the term “Harassment” for the audience and highlighted behaviours that can amount to harassment. These include very subtle forms such as a sexually coloured remark /joke or a hostile work environment. It was the victim’s perception of the behaviour that classified it as ‘harassment’. Consensual exchanges and unwelcome behaviour were identified as markers to differentiate between Sexual Attraction and Harassment. She went on to explain the working and the application of the Act. She defined the terms in the Act such as Workplace, Employee, Committee, Redressal, etc. She elaborated on the process of filing a complaint with the IC of the institution, or the LC. She went on to describe the duties of the employer, the powers of IC, redressal for victim, treatment of malicious complaints, investigation in case of conflict of interest and the criminal and civil aspects of the Act. She informed the audience that any one, from staff to visitors, could file a complaint, even over something that happened while travelling to work, since these came under the purview of the Act.

Ms Barsha concluded the session with an assessment of the grey areas of the Act and focused on the need for further debate and discussion in removing them.
